Mator AS – the separation specialist

Stavanger office opened

Mator is pleased to announce the opening of a new office in Stavanger, Norway.

The office will provide day-to-day contact with our clients in Stavanger, and will also be spearheading our land based consultancy activities related to

- design basis establishment
- evaluation and testing of conceptual design
- process engineering support
- independent process review
- process simulations

The office is located at Rogaland Kunnskapspark, Prof Olav Hanssens vei 7A, 4021 Stavanger.

Contact us at tel. +47 92 85 70 78.

Visit us at ONS stand no. E 504 !

Recent Mator projects:

- ◆ Norsk Hydro Grane: Separators and produced water verification
- ◆ Statoil Statfjord: Technology qualification sand cleaning
- ◆ BP Valhall: Verification on new well start-up
- ◆ PGS Foinaven: PWRI verification
